

MEMORANDUM TO ALL USERS OF THE IZAAK WALTON PARK

With more and more groups and organizations using the park, the Board of Directors feel it has become necessary to provide each user with a list of the Izaak Walton Chapter Do's and Don'ts. We have listed several categories of organizations and the things that each must do in order to preserve the park for others to use.

There is a phone located on the clubhouse porch from which you may call for emergency services. Emergency telephone numbers are on the phone box cover. For routing purposes, the Izaak Walton League is located at the intersection of Herndon Road and Kershaw Court. The Post Office has assigned a street number to the property. The street address is 12400 Herndon Road. Please do not remit your dues to this address because the mail does not deliver here. Our mailing address is PO Box 734, Fredericksburg, VA 22404. This is a restricted line and may be used for local calls only or prepaid direct dial in calls only. (540) 927-0011.

When the grass is wet, please do not drive on the yard! The ground is soft and leaves holes.

SCOUT ORGANIZATIONS:

Camp fires will be limited to specific areas, kept small and under the control of the scout leader at all times.

No camp fire should be built within 10 feet of the tree line for obvious reasons. If you have the scouts in the wooded area for an overnight campout, under no condition in the form of a fire will be made.

Bag out all of your trash. Take only pictures-leave only footprints!

If you plan on a bonfire and use the trash lumber from the ranges, please clean up the nails from the fire pit before you cover it over.

If you used the pavilion-clean it up!

No trash will be thrown into the pond! The beavers' do a fine job-we do not need any additional fish structure.

Fishing is permitted. Any one 16 or over should have a valid Virginia Fishing License. The Virginia Game and Inland Fisheries do have authority to check the users of the facility. Scout Leaders are considered to be fishing if they hold the rod for a younger person. Boats with electric motors or paddles only please.

The rest rooms will be operable weather permitting. Please practice water conservation as best as you can. The porta-potty is operational and should be unlocked. Please leave it clean.

FAMILY REUNIONS:

If you use the cooking grills, please clean them when finished. Dump the ashes after they have cooled.

If you move the picnic tables, please put them back under cover of the pavilion roof.

Bag out all of your trash. We do not have a trash service, but we do have much furry little critters that love to turn over trash cans full of picnic goodies. We do not enjoy cleaning them up after you have gone. Clean up all wind blown trash. Even if you did not drop it.
